would be welcomed.

Secretary's Report

Mr. Toon said that the season had been a huge success. We had been host to a County Match NOTTS v. MONMOUTH. And several of the NOTTS committee had felt that this was the best county match arrange and held for some time due to the excellent facilities put on by the Grantham League.

The league K.O. had produced one the biggest entry for years with the introduction of 2 more competitions namely the Junior K.O. and the Mixed Dobbles. This had gone very smoothly and all competitors were delighted with the excellent organisation. We had entered the NOTTS Inter-Town League although finishing in the bottom half of the division we had some very narrow defeats and ~~we~~ the experience would

put the team in better position for the coming season.

Treasurer's Report

The Treasurer this year was delighted with the balance sheet which showed an overall surplus on the season of £56.11.11. and this could be increased to the region of £100 before the new season start commenced if the football ticket sales were constant.

The Treasurer appealed for more agents and said that the league were now the owners of their own table and who knows could be the owner's of their own Headquarters if sales increased.
